### EU-INDIA: Beyond the New Delhi Summit

Thursday, 4 December 2003, 13.30-18.45  
Crowne Plaza Hotel, Rue de la Loi 107, 1040 Brussels

Dear Sir/Madam,

India is an increasingly important player on the global stage. In recognition of its political, economic and security potential, the European Union is joining the country in the fourth of a series of high-level EU-India Summits (scheduled for 29 November 2003 in New Delhi).

In Brussels, the **Konrad-Adenauer-Stiftung** and the **European Institute for Asian Studies** are co-hosting an international conference that will reflect upon current EU-India relations as discussed at the Summit, and look forward to our shared future.

Our conference will open with an overview of the Summit with comments by representatives of the European Commission, EU Italian Presidency, and Indian Embassy. This will be followed by distinguished panels examining "Economic and Social Development in India" and "Governance, Security and International Relations" in South Asia.

Please find attached a preliminary programme of the conference. We would be delighted if we could welcome you at this event.

Yours sincerely,

Dr. Peter Weilemann
